

PUEBLO INGLES

Enjoy 8 days as our guest in any season, at some of the most beautiful and historical venues in rural Spain. Discover an enriching cultural experience... and all in English.

Pueblo Ingles is a unique opportunity to experience Spain's culture, really get to know its people and take part in an extremely rewarding volunteer scheme; all in your own language. 20 native English speakers and 20 Spaniards come together for this 8-day English immersion program, where no Spanish is allowed. Each day, one-to-one conversations, group discussions, theatre skits and surprise activities equate to up to 12 hours of conversation!

Our Spanish visitors want to learn the intricacies of our colourful language and with a group of native English speakers from the UK, New

Zealand, the U.S, Canada, Australia... they really are put to the test with the assortment of accents! The native English speakers come from all walks of life from 22 years of age and above. We aim to form each group with as much diversity as possible to expose the Spaniards to a variety of topics and vocabulary.

In exchange for your dedication to the Spaniards' learning goals, Pueblo Ingles offers you full room and board and return transport on our coach from Madrid to one of our spectacular villages from mid-January to the end of November each year.

WHO IS PUEBLO INGLES FOR?

We are looking for outgoing personalities who would like to exchange their professional and personal experiences with warmth in their heart and a skip in their step.
